

Are you Trauma Informed?

Introducing The Berry Street Education Model

This online module is specifically designed for teachers keen to understand more about the Berry Street Education Model (BSEM). The session will provide an overview of each domain, Body, Relationship, Stamina, Engagement and Character. We will provide tools that support the online/ hybrid/ in-person teaching and learning environment.

During the training you will experience the energetic quality of our work and leave with strategies you can implement in your next lesson. This online module will cover:

- an overview of BSEM
- understanding trauma and how it affects students
- seeing our students using new perspectives
- trauma-aware strategies for working with all students

Further information

- Webinar: Wednesday 10th May 2023 at 5pm (AEST)

Cost

- This is a free event with limited places available so if you are not able to attend please cancel to allow someone else to take your place.
- Who should attend
- This series of webinars is an exciting opportunity for teachers, school leaders and support staff to support a trauma-aware approach for teaching and learning, an important focus for educational practices at this complex time.
